

LES Afternoon Carline Dismissal Rules

Everyone wants to get through carline as fast as possible. Please be respectful and patient of other drivers and very careful around the students. Always remember – “Safety First!”

Directions

Enter campus from Pine Creek Drive and take care NOT to block or cut off subdivision traffic here. Drive onto campus in the 3 stacking lanes. After the stop sign, go straight, then follow the signs into the second parking lot, looping around. Once the line backs up before the stop sign, fill the 3 stacking lanes. This is done by filling across the 3 stacking lanes so that they fill equally across (not one lane at a time). For example, cars 1, 2, and 3 fill across the 3 lanes. Then car 4 would stack behind 1, car 5 behind 2, car 6 behind 3, and so on. Please do not change lanes once you stop.

Reminders

You MUST have a carline sign with the student’s name clearly marked on it. Allow buses to enter and exit at the intersections. Do NOT block the bus turns. Cell phones may NOT be used in carline. Be patient and safe. All lanes will proceed through the line.
