

CURRICULUM RESOURCES

In 2005, the St. Tammany Parish Public School System created a Guaranteed Curriculum to serve as a written, on-line document to help ensure uniform, high-quality instructional resources across the School System. The Guaranteed Curriculum is locally developed and is a living document, which is constantly reviewed and revised. It focuses on rigor and relevance by building on enduring understandings and essential questions. The on-line document is a guide to what teachers should teach and what students should know and be able to do.

To access grade level unit descriptions and standards for English Language Arts and Mathematics, please visit the St. Tammany Parish Public School System's website at www.stpsb.org.

- Click PARENTS at the top of the page.
- Click CURRICULUM at the left side of the page.
- Find the grade level of your choice, and click the unit in which would like to preview.

The Louisiana Department of Education has important curriculum resources as well. Please visit www.louisianabelieves.org to find the Family Support Toolbox. Here, you can find numerous resources to help prepare your child to succeed in college and careers such as the standards for each subject by grade level.
